EXPERIENCE

Senior Non-Pay Retention/Customer Support Specialist

Intelcia Outsourcing Optimum USA

May 2021 – July 2023

Hybrid - ISP and telecommunications provider

- Retained high-risk residential and business accounts by resolving payment disputes, negotiating structured payment solutions, overcoming customer objections, and reducing cancellations while protecting recurring revenue.
- Provided end-to-end technical support by diagnosing and resolving connectivity, provisioning, and service issues across landline, internet, and email systems with a strong focus on first-contact resolution and customer satisfaction.
- Partnered with billing, technical escalation, and operations teams to optimize resolution workflows, maintain comprehensive CRM records, and recommend service improvements to enhance operational performance.

Senior Onboarding Account Manager

ULTATEL

July 2023 – July 2024

On-prem - SaaS VOIP provider

- Managed end-to-end onboarding and implementation for B2B clients by coordinating with technical, billing, and provisioning teams to ensure successful service activation and customer satisfaction.
- Managed complex technical escalations involving VoIP, provisioning, billing, and infrastructure by coordinating cross-functional teams, enforcing quality standards, and ensuring successful service activation.

Logistics and Operations Lead

DrugLift

August 2024 – March 2026

Remote - Medical Logistics

- Managed enterprise-scale logistics operations, leading 200+ drivers and cross-functional teams while optimizing workforce planning, route efficiency, budget performance, and the daily delivery of 5,000–8,000 packages.
- Partnered with executive leadership to coordinate cross-functional operations, monitor performance, identify operational risks, and implement process improvements that ensured workflow continuity and service excellence.

Business Strategy, Architecture & Digital Transformation manager

RapidMeds Transport

March 2026 – Current

Remote - Medical Logistics Startup

- Defined and executed business strategy, market positioning, and digital transformation roadmaps, translating business objectives into actionable initiatives that supported the company's growth from concept to a scalable operation.
- Architected the company's digital ecosystem by designing customer-facing websites, CRM workflows, operational dashboards, communication systems (email, business telephony, IVR), and internal processes while leading cross-functional implementation with technical development teams.

- Directed business architecture, project execution, and operational planning by establishing strategic roadmaps, timelines, KPIs, and cross-functional coordination to align technology, marketing, and operations with long-term business growth objectives.

Digital Transformation manager

June 2026 – Current

Havnlly Environment

Remote - Environmental Services Provider Stratup

- Led digital transformation initiatives by designing and implementing the company's digital ecosystem, including customer-facing websites, CRM workflows, operational dashboards, and enterprise communication systems to streamline business operations.
- Managed cross-functional digital projects from planning through implementation by translating business requirements into technical solutions and coordinating delivery with software development teams.
- Optimized operational efficiency through process digitization, workflow automation, KPI-driven reporting, and the implementation of scalable digital tools that supported organizational growth and long-term operational excellence.

KEY ACHIEVEMENTS

Senior Non-Pay Retention/Customer Support Specialist | *Optimum USA*

May 2021 – July 2023

- Selected as Batch Zero member to launch the Non-Pay Retention Department for Optimum USA.
- Helped establish foundational negotiation frameworks and performance benchmarks
- Successfully retained the most challenging segment of customers (overdue and resistant accounts).
- Contributed to early-stage department stability and revenue recovery performance.

Senior Onboarding Account Manager | *ULTATEL*

July 2023 – July 2024

- Maintained 100 percent onboarding-to-Customer Care handover success rate for 12 consecutive months.
- Achieved zero customer attrition under direct management during transition phase
- Successfully stabilized enterprise accounts of up to 120 users without churn during onboarding lifecycle.

Logistics and Operations Lead | *DrugLift*

August 2024 – March 2026

- Recruited 90+ drivers within 14 days to mitigate critical labor shortages.
- Restored performance from 40 percent unfulfilled service commitments to 100 percent fulfillment within 3 weeks.
- Implemented structured daily execution frameworks that stabilized long-term field performance.
- Delivered real-time, data-driven decisions to protect revenue continuity and client trust during operational crisis.

Business Strategy, Architecture and Digital Transformation manager | *RapidMeds Transport*

March 2026 – Current

- Architected and led the implementation of the company's end-to-end digital ecosystem, including business telephony, IVR workflows, email infrastructure, domain configuration, employee mailboxes, CRM, Google Workspace, operational dashboards, and internal communication systems, while coordinating cross-functional technical teams to ensure successful deployment.
- Directed the design and launch of the company's digital presence, creating the company website, visual identity, branding, social media channels, customer-facing content, and integrated online platforms to establish a consistent and professional market presence.
- Designed the end-to-end operational architecture for medication delivery services by developing client and operations dashboards, KPI frameworks, workflow methodologies, business acquisition processes, and scalable logistics management systems that enabled structured day-to-day operations.
- Developed the company's business strategy and transformation roadmap by conducting market analysis, defining the organizational structure, selecting the technology ecosystem, establishing strategic milestones, and translating long-term business objectives into phased, executable implementation plans.
